[EBOOKS] Intelligent Analysis In Supernovae Gravitational Waves Sat, 14 Jan 2017 02:00:00 GMT combined analysis of neutrino and gravitational wave data from the next galactic core-collapse supernova. Keywords: core-collapse supernovae, neutrinos, gravitational waves 1. Introduction Core-collapse supernovae (CCSNe), primarily due to their nucleosynthetic impact on the chemical evolution of the universe, are of great importance in astrophysics.
